Every community is shaped by what it values.

At St. Michael's, we value **welcome**. We believe people should be able to walk through our doors and know they belong. We value **spiritual grounding**. In a world that often feels hurried and uncertain, we gather to pray, worship, learn, and grow in faith together. And we value **action**. Faith calls us beyond ourselves to serve our neighbors, care for those in need, and work for the flourishing of our wider community.

These values are not just ideas. They become real through people.

Because we value welcome, we invest in the relationships, programs, and ministries that help people find a spiritual home. Because we value spiritual grounding, we pour resources, volunteer hours, and clergy time into the preparation of worship and opportunities to pray. Because we value action, we sustain ministries that serve our neighbors through the food pantry, immigration ministries, LGBTQ+ ministries and more. Every pledge helps make these things possible.

The costs of ministry are increasing, much like costs all around us. Our health insurance costs alone will increase this year by almost 10%. If you are able to increase your gift, your generosity will help us maintain and grow the ministries that reflect our shared values.

As you consider your pledge for 2027, we invite you to pray about the role St. Michael's plays in your life and in the life of our community. Whether you are making a pledge for the first time or renewing a long-standing commitment, your support helps us live out our values.

Together, we can continue building a church rooted in welcome, grounded in faith, and committed to action.

Thank you for your partnership in this work.

Faithfully,

The Rev. Mike Angell
Rector

Patrick Reilly
Stewardship Chair
